Who's the Slowpoke?

We've been going through our share of waiting and wishing things were faster these days. Perhaps you've wanted election results to come in faster. Maybe you've been waiting "too long" for things to get back to normal, or your health to improve, or your investments to pay off, or your chance for a promotion to come. Often we want traffic to move faster, our order to come quicker, the line to move more rapidly, our computer and internet to have more speed, etc. If you're called a "slowpoke," it's not a compliment. Slow for so many things in our world is a negative.

It is natural for us to want the bad things to go away quickly and the good things to come quickly. When neither happens, we may be tempted to question why God is being so slow. God assures us that "slowness" does not mean God has forgotten or that he's changed his mind. His timing is always perfect, and his reasons are always based in grace. God intends that through his slowness we might learn from him and might also serve him.

God teaches us patience in slowness. When the Scriptures speak of things being slow, it most often speaks about God. Again and again he tells us: **"The LORD is slow to anger and abounding in love."** The truth is, we want him to be slow when it comes to us and our sins. We are grateful that he is patient with us and forgives us.

In turn he tells us to be slow. In James, he says: **"Everyone should be quick to listen, slow to speak, and slow to become angry."** We should be slow to jump to conclusions and slow to doubt and worry. We should be slow to take offense or to seek revenge. In short, we should be slow to sin. We enjoy God's slow patience and forgiveness, and he calls us to offer the same slow patience and forgiveness to each other.

God may be trying to teach us some other lessons in slowness as well. As we approach another holiday season in the last months of 2020, we will undoubtedly find them different than many holidays of the past. Let us take the opportunity to enjoy whatever slowness there is. It seems most holidays come with a lament that they have gone by too quickly. If they come a little slower this year, may we not squander the opportunity. Instead let us relish the chance to take in more of Fall's beauty along with the many reasons he's given us to be thankful. If Christmas and the New Year aren't filled with the usual "hustle and bustle," let's seize the opportunity to spend more time to connect with those we love and reflect on the greater reasons to celebrate in December. If things are slower, than let us use the "extra" time to serve our Lord and share the reason for the hope we have.

During these next months, we will also be asked to continue to endure some things that we wish would pass more quickly. But let us remember the lesson they teach. No election, vaccine, or temporary change will ever fix the real problem with this world. As long as there is sin, there will be difficulty, pain, and suffering. God never intended us to remain in this imperfect world. The only real solution to "slowness" is for Jesus to come. His coming is our true hope and salvation in all things. Nothing else will do.

When we feel like things in life are too slow, let us remember what God has said:

"⁸But do not forget this one thing, dear friends: With the Lord a day is like a thousand years, and a thousand years are like a day. ⁹The Lord is not slow in keeping his promise, as some understand slowness. Instead he is patient with you, not wanting anyone to perish, but everyone to come to repentance. ¹⁰But the day of the Lord will come like a thief. The heavens will disappear with a roar; the elements will be destroyed by fire, and the earth and everything done in it will be laid bare. ¹¹Since everything will be destroyed in this way, what kind of people ought you to be? You ought to live holy and godly lives ¹²as you look forward to the day of God and speed its coming." (2 Peter 3:8-12)

As we approach the last months of 2020, let us learn the lessons of slowness—being slow to anger and abounding in love. Let us learn patience and remember the only real solution to suffering and difficulty of this world will be when Jesus returns. We pray that he comes soon. And while we wait, we repent and pray for his help to live holy and Godly lives.

Pastor Darin Aden

Our President's Message

Dear fellow Christians,

2020 has been a very different year. The Corona Virus has hit our state, Manitowoc County, our community and our congregation very hard this past month. Many schools have turned to virtual learning. We are thankful that our school still has in person learning. Martin Luther College in New Ulm had to shut down this past week because of the increase in cases. They are hoping and praying that they can return in January.

A lot of our members have told me that they haven't been to church because they have health issues. I haven't been to church the past few weeks because I have some health issues and I'm concerned about the rise in cases in our area. We fully understand their reason for not coming to a large gathering indoors. We are thankful that these members are watching our services online, DVD's or watching Time of Grace on TV.

In August and September we held outdoor services on Sunday mornings. They were very well attended because we were safer. Our Gracious God gave us good weather every Sunday. Even though attendance is down, we are very thankful that people are sending their offerings in.

Financially, we're still holding our own. We are thankful to our Gracious God that he has blessed our congregation with many faithful and dedicated members. I have two other letters in this newsletter about different methods of offerings. Please read them.

In November we will start our nomination process for new Church Council members. This year we only have two positions to fill. The rest of the council members have decided to stay on for another year. We are very thankful for that. If you are asked to serve on the council or a committee, please give it much prayerful thought. This is a very good way to serve our Lord.

Our Called Workers, our staff and our volunteers have done a very wonderful job dealing with this pandemic. Keep them, our church, our school, and all of our congregations and schools in our Synod in your prayers.

A New Way to Send in Your Offerings

With this pandemic we have members who have not attended church because they have health issues and don't want to attend large public gatherings. We fully understand your reasons. We are also very thankful that these people are sending in their offerings.

As I mentioned in my President's message, we are very thankful that we are holding our own financially. If you're sending in your offering every week or even if you come to church and put in your offering envelope, we have an easier way to give your offering. It's called Automatic Withdrawal. Instead of writing a check and filling out an envelope every week, you can have your church offerings withdrawn from your checking or savings account and it will be sent directly to St. John-St. James. If you're gone for a weekend or if there's bad weather, you don't have to worry about making it up the next week. You can have withdrawals made on the 1st of the month, the 15th of the month or you can split it between the 1st and the 15th.

We realize this may not be for everyone. We encourage you to take a look at it. Also, if you do online banking, you can send your offerings with the bank bill pay system. If you have questions about these forms of offerings or would like to know more about it, please contact Curt Grimm at 920-366-0117 or Dan Duchow at 920-754-4751

New Tax Opportunity for Church Offerings

In 2016 the U.S. Government passed a new law. This law can help people who are 72 years or older save money on their taxes.

If you are drawing funds for your retirement from an IRA or a 401K fund, you can eliminate paying some of the federal taxes on this. If you have your church offerings taken directly from your IRA or 401K, you don't have to pay federal taxes on this distribution from your retirement funds.

If you'd like more information on this please contact Dan Duchow at 920-754-4751.

Hot Lunch Helper

Are you looking to find something to do to fill some time during your day?

Our Hot Lunch Program is in need of volunteers to help serve hot lunch (approx. 11:30am –1:00pm). It does not need to be every day. If you would like to volunteer once a week or once a month any help is welcomed. Even if you are not a member we would love to have you come and enjoy serving our students!

If you are able to help or would like more information, please contact our Hot Lunch Coordinator, Val Link at 754-4414.

Ladies Aid Meetings

There will be no Ladies Aid meetings in November, December, or January.

The Ladies Aid Christmas party is also cancelled but our Ladies of the Ladies Aid are welcome to drop off and pick up your Secret Pal Christmas gifts in the West Church Office.

It has also been decided that the Ladies Aid will keep the same officers we have now until we meet next.

Christmas Eve Services

With the ongoing COVID pandemic, some changes had to be made to Christmas Eve Worship.

The CEC and Worship Committee have met together and after studying what other churches are doing, and looking at what we can do, have come to the following conclusion:

The service will be a mix of recordings of our children proclaiming the message and congregation participation.

We will offer 4 services on Christmas Eve, December 24th (no service on December 23rd):

10:15AM, 3:15PM, 5:30PM, 7:00PM with all services will be held in the sanctuary of church, and the 7:00 pm service being held as a candle light observance service.

We will ask for your family to sign up for which service you would like to attend. Sign up info will be coming soon. One of the services will be recorded and available online as well.

God's Blessings, The CEC and Worship committees
