PIANO—St. John St. James is looking to purchase a new electric piano to replace the existing piano in church. Our present piano has served us well for about 20 years, and needs to be upgraded. The new piano will produce better quality sound, and with the changes in technology, better functionality for our pianists. The cost for a new piano with the functionality that we need, Lord willing, for the next 20 years, costs \$5,900.00. If you have any further questions please contact Phil Stuebs. Thanks!
